

DESIGN, CONSTRUCTION AND DOCUMENT ANALYSIS

1. Analysis of Architectural Building Plans and Design
2. Analysis of Structural & Civil Engineering Plans and Design
3. Analysis of Fire Reticulation Plans and Design
4. Analysis of Fire Escape Route Plans and Design
5. Analysis of Electrical Layout Plans and Design
6. Analysis of Plumbing Layout Plans and Design
7. Analysis of XA Calculations as per SANS10400 (Energy Efficiency)
8. Analysis of Electrical COC's
9. Analysis of Electric Fence COC's
10. Analysis of Gas COC's
11. Analysis of PV (Solar) COC's
12. Analysis of Fire Clearance Certificate
13. Analysis of Occupation Certificate
14. Analysis of Architectural Building Plan approval from Municipality
15. Analysis of Structural and Civil Engineering Plan approval from Municipality
16. Analysis of Site Development Plan approval from Municipality
17. Analysis of Fire Reticulation Plan approval from Municipality
18. Analysis of Town Planning Scheme for Property usage (LUS)
